RESIDENCE LIFE AT SOUTH GEORGIA TECHNICAL COLLEGE

Residence life is an opportunity for growth towards maturity. It allows students to become independent while maintaining community responsibility and identity. It is one of the most rewarding and important facets of the postsecondary educational experience. South Georgia Technical College offers residential living on the Americus Campus to (1) provide an environment in which the learning experience may be enhanced and developed in accordance with traditional valued and objectives of the college, and (2) meet the demands of the physical living accommodations.

Resident students must accept the responsibility of the community living. The resident student is expected to be fair and just in all of his/her dealings with the college, and particularly in caring for the facilities provided. He/she will be required to exercise patience and kindness with his/her roommate and other students. Resident students should respect the rights of others at all times.

The suspension of a student's privileges, including campus housing, is a serious action, which may be imposed for violation of housing regulations or other institutional procedures. When a student is no longer enrolled or when violation of resident or general campus code of conduct rules results in cancellation of the right to occupancy, all personal belongings must be removed from the campus. Each resident student is subject to the terms of any and all stated regulations in this catalog/handbook and regulations issued by the Vice President of Student Affairs. Any new regulation that affects the student body and/or the residents of the residence halls becomes effective 24 hours after it is posted. Legal action may be taken against persons violating local, state, and federal laws, including destroying, stealing, or defacing college property.

Residence Hall Operations

The South Georgia Technical College dining hall on the Americus Campus provides three well-balanced meals per day, Monday through Thursday when classes are in session, and also Friday through Sunday. The student center is also equipped with food and beverage vending machines.

Dining hall hours of operation for *Fall Semester 2024*, Monday- Sunday:

Fridays: Dinner ends at 6:30pm

Saturday – Sunday:

Room Change Requests

Room changes cannot be made unless authorized by the Office of the Vice President of Student Affairs. Resident Assistants (RAs) can NOT authorize a room change request. If residents switch rooms without authorization, it is considered a violation. All other room change requests will be reviewed on an individual basis. Room change requests based on roommate conflicts or differences will only be considered following a meeting of both roommates with the Vice President of Student Affairs and/or AVP at which time a solution to the issues will be sought. If after the solution has been tried and failed a room change MAY be authorized. Part of living in a residence hall environment is learning to accept and appreciate people from different walks of life than oneself. Conflict resolution is a skill needed in day to day living and certainly in the workplace.

Entering Rooms

HEALTH AND SAFETY CHECKS: Health and safety checks are completed at least once each semester. The purpose of these checks is to identify and resolve any potential facility or sanitation problems. During a health and safety check, a RA or other representative of SGTC will enter each room to check the condition. - The room is inspected/approved by a member of the resident hall staff. If there is any damage to SGTC property and documented, additional charges may be incurred based on the amount needed to repair/replace the damaged property. This price will be based on the cost to fix or replace the items damaged/destroyed/or stolen.
- The proper check-out records are processed by the Student Affairs Office.
- If proper check-out is not achieved by the residential student, additional fees may be incurred and the resident may receive community service upon their return to housing.
- If check-out occurs after the semester check-out deadline, additional charges may be incurred. A \$20 a day fee is the standard price for additional days stayed in housing after check-out occurs.
- If a student is required to check-out of the residence hall for any type of disciplinary issue, and the room is not in the state at which the resident received it, additional charges may occur.

Guidelines for Residence Privileges

In order to qualify for and maintain residence in James or Martin Hall, the student must:

Student Code of Conduct

The Student Code of Conduct can be found in the SGTC Catalog & Student Handbook, www.southgatech.edu. All SGTC students are expected to follow the rules and regulations as set forth in the Student Code of Conduct.

NOTE: Disciplinary Procedures, including appeal procedures, are found in the SGTC Catalog/Student Handbook.

When a student graduates or is terminated at South Georgia Technical College, all personal belongings must be removed from campus at time of checkout. College personnel will not be responsible for any personal items left in the residence hall.

Inspection, Search, and Seizure

ENTERING ROOMS: SGTC reserves the right to the fullest extent permitted by the law to enter a room for the purpose(s) of safety, occupancy verification, facility improvements, conducting maintenance, **to ensure compliance with the SGTC Code of Conduct**, or health and safety checks, managing rooms in the event of an epidemic or emergency that jeopardizes the well-being of the occupant or other students, and/or maintaining a quiet environment where residents may sleep and study. Student rooms may be searched for legal cause by civil authorities.

Although students were guaranteed the rights of any citizen and therefore will not be subject to unreasonable search and seizure, the courts have recognized the rights of institutions to conduct reasonable inspections, search, and seizure in order to enforce college regulations. South Georgia Technical College reserves the right to conduct such inspections, searches, and seizures within the limits of the law.

The college reserves the right to conduct searches of individual rooms in a residence hall or other facility on campus if there is a reason to believe an institutional regulation has been violated. Law enforcement officials may search facilities with or without authorization from the college by means of a search warrant. Except in cases involving drugs, evidence seized during a search will normally not be used in a court of law unless a search warrant has been issued authorizing the search. However, such evidence can be used in disciplinary procedures concerning the

violation of institutional regulations. Property confiscated during a search will be returned to the owner unless it is an illegal item such as drugs or drug paraphernalia or illegal weapon.

Residence Hall Violations

Disregard for the rules and regulations established for James and Martin Hall can result in monetary fines and/or community service hours. A violation of the rules and regulations may first be addressed with a verbal or written warning. However, the Vice President of Student Affairs or AVP will determine the most appropriate action. Residents are expected to know the rules and regulations.

If the student believes the warning or fine is unwarranted, he/she can ask for a review of the action by completing the appeal form. This form must be submitted to the Office of the Vice President of Student Affairs within seven (7) calendar days of notification of the decision. Residents may lose the privilege to reside in James or Martin Hall. **If they receive three or more violations and/or fines for violation of the rules and regulations of James and Martin Hall. The decision of the Vice President of Student Affairs is final.**

Violations of the Student Code of Conduct will be addressed through the established Disciplinary Procedures.

- Pets of any kind (with the exception of Emotional Support Animals or Service Animals with approval)
- Stolen property, such as traffic signs, construction signs, traffic lights, etc.

Community Living

A student's enjoyment of life in James/Martin Hall depends on thoughtful consideration and common courtesy among neighbors. The basic expectations of a fellow James/Martin Hall resident include the following:

- To live in a clean building and room.
- To read and study without undue interference in one's room.
- To sleep without undue disturbance from noise.
- Free access to one's room and facilities without pressure from a neighbor.
- To be free from fear or intimidation and physical or emotional harm.
- To expect reasonable cooperation in the use of the resident hall utilities and space.

Respect your Roommate

Some students have grown up sharing rooms with their siblings while others have always had their own room. Some students like to go to sleep early, while others generally stay up quite late. Some students study in their rooms, while others prefer to go to the library or Hicks Hall Student Center. Small differences like these can become big challenges if you do not enjoy mutual respect with your roommates. As a member of the residential community, you are expected to show respect to others; this is particularly important with those who share your space. It is very important that you show your respect for your roommate as they also make this important transition to college life. You can do this by discussing expectations, developing roommate agreements, and generally talking openly and honestly with each other. For example, cleaning the bathroom and providing toiletry supplies is the equal responsibility of both persons living in housing. Bathrooms should be cleaned regularly with a schedule agreed to by both parties. You and your suitemates should discuss this as well as many other issues.

Respect Your Guests

Students are encouraged to have guests visit them in their room. A guest is anyone not officially assigned to live in the room regardless of their gender or how they identify. The host is responsible for the behavior of the guest at all times and any location within the building. Additionally, at a certain point, a guest has to leave. Guests are required to leave the room by midnight every night regardless of the day. There is absolutely no cohabitation allowed in the residence halls. These rooms are too small for overnight guests, and it's disrespectful to the roommate if you allow the guests (now in violation of violating the residence hall guest policy) to stay the night.

Respect Your Community

All residents are responsible for maintaining and caring for the space they share with each other. Common area damage (vandalism) and trash pickup is the responsibility of the community where it occurs. Residents may be held accountable for common area damages that occur in the building (hallways, stairwells, lobbies, lounges, entries).

Shared Responsibility

When students share a residence hall, each student is responsible for the noise level/activities. If the contents, activities, or damage in the residence hall are in violation of college procedures, a student(s) may be charged with such violations. If a student is concerned about possible violations, it is his/her responsibility to discuss this with the Vice President of Student Affairs.

All policies listed in this handbook apply to students who live on campus as well as their guests. In all cases, students will be held accountable for the actions of their guests, so it is important that students make responsible choices about who they invite into this community. Students who live in campus housing have a responsibility to discuss these responsibilities with their guests.

Mail Services

Resident students will pick up mail at the Student Affairs Office located in Odom Center 1st Floor. The mailing address is (Students Name) 900 South Georgia Tech Parkway, Americus Georgia 31709. Typically, a text message or email reminder or notification is sent to the resident when a package/letter is ready to be picked up.

Maintenance Requests

Any maintenance requests needed following a resident's initial check-in should be reported to the Office of Student Affairs. You can email all maintenance requests to: maintenance@southgatech.edu. The Office of Student Affairs will direct the request to the appropriate department for service. Emergency concerns, i.e. major leaks, bug issues, bathroom issues, electrical issues, heating concerns, should be reported to the Office of Student Affairs. Requests

that are not made on behalf of the housing student may have significant negative impact on the room and the student's health.

Surveillance Cameras

For the resident's protection, surveillance cameras are located inside and outside of the residence hall buildings and the residence hall parking areas. These areas are patrolled by Public Safety. Should you have a concern in the vicinity of the residence hall area, write down the time, date and location and contact Campus at 229.938.2992 (office located in Hicks Hall).

Parking

All resident students should register their vehicle with Campus Safety located in Hicks Hall. Resident students may not leave vehicles in the parking lot during any holiday or semester break.

Motorized Vehicles

MOTORIZED MOPED, MOTOR SCOOTER, MOTOR BIKE, ELECTRIC BIKE/SCOOTER, ETC.

These rules apply to:

Mopeds do not need to be registered with the state, nor do riders have to carry insurance, but they're restricted to roads where the minimum speed limit is 35 mph or less. Additionally, all moped riders in the state must wear a helmet.
 3. **Electric scooters** can be ridden on bike paths, bike lanes and on roads with a speed limit of 35 mph or less. You can't use these on sidewalks, and riders who are 16 or younger will need to wear a helmet while operating them.

4. In general, **motorized bikes** that do not exceed a power or engine size limits are subject to the same regulations as human-powered bicycles. They can be used on streets and on bike paths without a license or insurance. However, riders younger than 16 must wear a helmet. (Never sidewalks or on grass areas)

Electric-powered bikes must have an electric motor of 1,000 watts or less and maximum speed of 20 mph. Additionally, they must also be equipped with pedals like a typical bicycle.

5. Motorized vehicles that are not being used for transportation purposes solely are to limit their riding during SGTC non-quiet hours. Please see SGTC quiet-hour policy for residential students.

MISSING STUDENT NOTIFICATION POLICY

Suspected missing residential students should be promptly reported to the SGTC Campus Safety Office or including not limited to Vice-Presidents, Deans, Residence Hall staff (such as Resident Assistants or Hall Monitors), athletic coaches, and advisors to student organizations. The CSA will promptly notify the local authorities and Campus Safety of the possible missing student. A student is determined to be missing when the Campus Safety has verified that reported information is credible and circumstances warrant declaring the person is missing. Contact will then be made to the missing person's contact as well as with local law enforcement within 24 hours of the determination that the student is missing by the Director of Campus Safety or his designee.

Students residing in on-campus housing will be informed annually that each student has the option to identify a person designated as a confidential missing person contact to be notified by South Georgia Technical College no later than 24 hours after the time the student is determined to be missing by the officials authorized to make that determination, specifically the Director of Campus Safety. The confidential contact may be a person designated by the student in addition to the declared emergency contact. Should the student not formally declare a separate missing person contact, the emergency contact on record will be notified. The Campus Safety Office advises students that their contact information will be registered confidentially, and that this information will be accessible only to authorized campus officials and local law enforcement and that it may not be disclosed outside of a missing person investigation. In addition to notifying a designated contact person, students that are under 18 years of age and not emancipated, SGTC must notify the custodial parent or guardian within 24 hours of the determination that the student is missing.

Notification of this policy will be made directly to all students residing in campus housing annually and be available in conjunction with the Annual Security and Fire Safety Report that provides information in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Security Crime Statistics Act. All students attempting to register for on campus housing will also be notified of this policy at the time of completing on-campus housing-related documents. All information submitted online during the housing registration process will remain on file and be considered accurate until the student voluntarily provides different information.

Students have the opportunity to submit revised missing person contact information at any time by notifying the Campus Safety Office. Email sent to ssstone@southgatech.edu is the preferred method of submission and must include the following: student's full legal name, SGTC's 9000 Identification number, Room number, the student's cell phone number (or best contact phone number), the name and relationship of the person(s) whom the student desires to be contacted, a home and cell phone number for that person(s), and a home address for that person(s). For persons under 18 years of age and not emancipated, a legal parent or guardian will also be notified within 24 hours of the determination that the student is missing.

EMERGENCY RESPONSES: TIMELY WARNINGS

The circumstances of any particular situation, coupled with the SGTC's evaluation of the situation/threat potential and authorization from the SGTC President or designee, will dictate the need and manner for the issuance of an alert.

The Assistant Vice President of Student Affairs (or designee) is primarily responsible for determining the content and distributing a timely warning notice to the community, and such notifications are distributed mainly through SGTC's Campus Alert System. This system can send text messages, phone calls, and emails in any emergency situation letting students know what is going on and what to do. Students can update their information by going to www.campusalerts.com/southgatech, and log into their account to update information to make sure they are receiving the most updated and timely information.

The decision to issue a timely warning shall be decided on a case-by-case basis. The decision is made by the College President, Assistant Vice President of Student Affairs, Vice President of Student Affairs, Vice President of Operations and the Director of Campus Safety after considering all available facts, including whether the crime is considered to be a serious or continuing threat to students or employees. Certain specific information may be withheld from a warning if there is a possible risk of compromising law enforcement efforts. But if a crime occurs that would pose a serious or continuing threat to the SGTC, a timely warning notice would be distributed to the campus community. Timely warning notices are typically distributed to the SGTC notifications.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Emergency Management at South Georgia Technical College. The SGTC Emergency Operation Plan is designed to provide a resource for South Georgia Technical College personnel, administrators, and students to assist with information and provide guidelines in planning and responding in a crisis. It provides guidelines necessary to cope with most campus emergencies.

In the event that a situation arises, either on or off campus, that in the judgment of the President and senior leadership of the college, constitutes a significant emergency or dangerous situation involving the immediate threat to the health or safety of students or employees occurring on the campus, a campus wide emergency notification will be issued. The emergency notification could include: the college email system, phone system, public address system, and/or outdoor electronic bulletin boards to students and employees.

Depending on the particular circumstances of the event, especially in all situations that could pose an immediate threat to the community and individuals, the College may also post a notice on the College website, www.southgatech.edu, providing the college community with more immediate notification. Notification will occur without delay unless such notification will compromise the response efforts.

The decision to notify the community will be based on a case-by-case basis. The initial recommendation may be made by the President of South Georgia Technical College (or designee) or responding law enforcement at the scene. In the event of an incident which would require the larger community to be notified, information may be posted via the website, newspapers, internet, local radio, and/or local TV stations. The President, Assistant Vice President of Student Affairs, Vice President of Student Affairs, VP of Institutional Advancement/Marketing or the Director of Campus Safety will be responsible for initiating the initial notifications. South Georgia Technical College posts physical and visual emergency procedures and evacuation routes throughout all SGTC buildings.

South Georgia Technical College's Emergency Operation Plan, contains information about emergency guidelines for the campus community; college emergency procedures; pre-emergency planning and performance expectations; "shelter-in-place," "secure-in-place" and evacuation guidelines; and local contingency and continuity planning requirements. Each department is responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility.

Drills, Exercises and Training. The College conducts numerous emergency response exercises on campus each year. These tests which include but are not limited to: fire evacuation, tornado drills, tabletop exercises, and active shooter are designed to assess and evaluate the emergency plans and capabilities of the institution.

The College conducts unannounced building evacuation drills by conducting evacuation drills once a semester. These drills are conducted to test the alarm system and to familiarize students, employees, and visitors with the evacuation procedures and location of exits. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are typically Campus Safety Officers, local law enforcement agencies, local fire responders and emergency medical services. All departments typically respond and work together to manage the incident. Depending on the nature of the incident, the Campus Safety Department and local or federal agencies could also be involved in responding to the incident. General information about the emergency response and evacuation procedures for South Georgia Technical College are publicized each year as part of the institution's Clery Act compliance efforts (SGTC's Annual Security and Fire Safety Report publication). That information is available on the South Georgia Technical College website at <https://www.southgatech.edu/wp-content/uploads/2023/09/2023-SGTC-ASFSSR-092623-Final.pdf>

Emergency Notifications:

South Georgia Technical College will immediately distribute an emergency notification to the campus community upon confirmation of a significant emergency or dangerous situation on campus involving an immediate threat to the health or safety of students or employees, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Examples of emergencies that may warrant such a notification include but are not limited to: an active shooter on campus, hostage/barricade situation, a riot, credible bomb threat, a tornado, a fire/explosion, suspicious death, structural damage to a college-owned or controlled facility, significant flooding, a large gas leak, or a significant hazardous material release. SGTC will utilize Campus Alerts to inform our students of all emergency notifications and timely warnings. Students can update their information at www.campusalerts.com/southgatech.

The Vice President of Student Affairs, or his/her designee, is primarily responsible for making the recommendation to the President, the Assistant Vice President of Student Affairs and the Director of Campus Safety for initiation of the primary communication system, in the event of an immediate need, determining the segment of the community to receive the notification (if the threat is limited to a particular building or segment of the population) and activating the system to all students and employees registered after confirming a significant emergency or dangerous situation has indeed occurred.

Procedures Used to Notify the Campus Community:

The content of an emergency notification will depend on the situation and the notification method. A description of the situation and relevant safety instructions will be included in all initial emergency notifications regardless of the situation or method. The Vice President of Student Affairs or their designee is responsible for providing emergency notifications through Campus Alerts. Confirming the Existence of a Significant Emergency or Dangerous Situation and the Emergency Notification System Reports of an emergency or dangerous situation can originate from various sources including, but not limited to, reports from first responders, reports from other campus departments, reports from citizens through 911, and reports from other law enforcement agencies. It is extremely important to enroll and update your information in the Campus Alerts Emergency Notification System.

South Georgia Technical College Emergency Notification system is offered and provided to all students and employees of the college. When students are registered for classes at SGTC, they receive an email and contact information is entered into Campus Alerts. Students Can easily login to their Campus Alerts Account to update their information to receive emergency notification calls, texts, and/or emails. Students can login to the system by going to: <https://www.campusalerts.com/southgatech/> and putting their **username**: first part of their SGTC email and **password** first letter of their last name Capitalized (Example Curtin would be C), their birthdate year in its 8 digit format (01012012 example of birthday in 8 digit format) and exclamation point. Example C01012012! If you have any questions about this, please contact housing@southgatech.edu

Emergency & Safety Procedures Living in Housing

- If there is a medical emergency call 911.
- Do NOT prop exterior doors open. Doors are locked 24/7 for security protection.
- Never give your room key card/student ID to anyone.
- Keep your room locked when you and/or your roommate are not in the room.
- Remember you are responsible for your guests, when guests are allowed.

Report to the residence hall staff or Campus Safety any obscene or harassing phone calls or behavior. Report suspicious people to Campus Safety at 229.938.2992. Protect your personal property.

Severe Weather Watch/Warning

In the event of a severe weather watch and/or warning, students will be alerted by Campus Alerts and/or a SGTC employee. The following steps should be taken:

- Resident students will be directed to the ground floor of the residence hall and restricted to the center hallway away from all windows and doors. Residents having a restroom on the 1st floor should go here.
- Resident students will remain in the designated safe area until Campus Safety or a member of Student Affairs gives the all clear following notification.
- Resident students who refuse to follow and/or disrupt procedures are putting their own lives and the lives of those around them at risk and they will face disciplinary sanctions.
- Residential students should have an updated cell phone on file with the Office of Admissions to receive emergency alerts to their phones.
- You can also sign up for emergency communication with Sumter County (SGTC's County) at: <https://www.public.coderedweb.com/CNE/en-US/BF89A1045E23> for more information. You can also google search code red Americus, GA to sign up.

ALWAYS EVACUATE THE RESIDENCE HALL WHEN A FIRE ALARM SOUNDS!

Please do not tamper with any fire safety equipment i.e. pull stations, fire extinguishers, hoses, smoke detectors and sprinkler systems. Covering a smoke detector or tampering with equipment in any way either in a room or in public areas will result in serious sanctions. This is a federal crime.

Fire Evacuation Procedure

When you hear a fire alarm, the following steps should be taken:

- Follow the evacuation route.
- Once inside stay at least 100 feet from the building. (James Hall students go to the Odom Center breezeway, Martin Hicks Hall go to the Hicks Hall Student Center)
- Do not re-enter the building until a SGTC employee gives the all clear.

If you are trapped in a fire, the following steps should be taken:

- Close all doors between you and the fire. Never go blindly out of the door until you feel the handle to see if it is hot. If it is hot, stuff a towel under the door and remain in the room.
- Crack the window (both top and bottom, if possible) 6"-8", and stay near it for air. If needed, break the window with a chair or shoe in order to have fresh air.
- Smoke and fumes rise. Therefore, stay close to the floor; use a wall to keep from moving in circles.

- Use a towel, wet if possible, to cover hair and nose.
- Evacuated individuals must stay 100 feet away from the building until an “all clear” is given by a member of Student Affairs.

False Fire Alarms

Setting off a false fire alarm in the residence hall may result in immediate eviction from the residence hall. In addition, legal action may be taken.

Tornado Warning

When a tornado warning has been issued, stay away from windows, doors and outside walls. Protect your head from falling objects or flying debris. Take cover immediately, wherever you are: (closets, interior hallways, restrooms).

One basic rule to follow wherever you are is AVOID WINDOWS. An exploding window can injure or kill. Don't take the time to open windows; get to shelter immediately.

Get into the restroom, if possible. In larger buildings, the restrooms are usually made from concrete blocks. Besides having the four walls and plumbing holding things together, the metal partitions help support any falling debris.

Pre-designated Areas Outside a Building

If you have to evacuate the Premises:

- DO exit quickly and calmly
- DO go directly to open air
- DO close the door behind you
- DO follow directions of administrators and emergency personnel
- DO NOT enter an adjacent building
- DO NOT stop to collect bags or books
- DO NOT use the elevators

Lockdown Emergency Procedures

What to Do:

When an announcement is made to initiate an emergency lockdown, the following steps should be followed:

1. Leave the area, or the campus, if it is possible to do so safely. When running, use a zigzag pattern, instead of running in a straight line.
2. If unable to leave, proceed to an area that can be secured.
3. Lock all doors into the area. If it is not possible to lock the doors, place furniture and equipment in front of them to barricade them. Some doors open out into the corridor.

In this situation, use whatever means possible to try to restrict entry to the room, including placing furniture and equipment in front of the door, or using a belt or other item to tie the door handle to something stable.

4. Move to the point in the room that is most distant from a door entering the room from the outside or from a corridor/hallway. Do not huddle, but spread out.
5. Close blinds and drapes for concealment.
6. Turn off lights. Put cell phones on vibrate, and if communication is needed, use text messaging only.
7. Remain under lockdown until advised by South Georgia Technical College Campus Safety, College Administration, or Law Enforcement Personnel that the crisis has been resolved.
8. After the lockdown order has been lifted, faculty and staff should then attempt to restore normalcy and comfort/assist the room occupants.
9. If an assailant enters the room and you are not able to flee, you must defend yourself; consider throwing items at the person to inhibit progress.
10. Remember that every emergency situation is different and you always should use your best instincts.
11. After the emergency, use text messaging to notify your friends and family about your situation. Please try to keep cell phone lines open for emergency personnel.

GET INVOLVED!

Visit the Student Affairs Department located in the Student Center to learn more about all of these activities and more!

CARES (Campus Assessment Response Evaluation) Team

CARE is the South Georgia Technical College Campus Assessment Response and Evaluation Team. The SGTC CARE team has been created and organized to help identify, assess, respond to, and reduce concerning behaviors in order to foster safe campus environments for faculty, staff, and students. - Promote a safe physical environment for members of the college campus
- Promote a safe emotional environment for the college community
- Promote peace of mind for friends and family of the college community

The CARE team focuses on the wellness concerns for others. This may include referrals about a person, an incident, or an issue of concern. It may include instances where there are violations of institutional rules or state and federal law. Any member of the college community may become aware of a troubling person or situation that is causing serious anxiety, stress, or fear. Share these types incidents with the CARE Team. **However, in the case of a crisis where a person may pose an active or immediate risk of violence to self or others, call 911 and contact campus safety immediately.**

How Do I Make A Referral?

It is the responsibility of faculty, staff, and students to immediately share any situation that could possibly result in harm to anyone in the college community. Individuals can submit referrals in the following ways:

1. Submit an online report by visiting www.southgatech.edu/CARE or email care@southgatech.edu
2. Contact a CARE Team Member
3. Anonymous referrals can be submitted by phone, email to care@southgatech.edu, or by submission of a form.

Shareable Behaviors

- Demeanor that represents a significant change in appearance, mood and/or social functioning
- Behavior that creates a disruptive or hostile campus environment
- Actions that potentially endanger the safety of any member of the SGTC community
- Conduct that impacts a SGTC community member's physical and/or psychological well-being
- Actions that cause damage to personal or college property

Each of these offices or departments provides updated policy information and crime data on an annual basis for inclusion in this report.

South Georgia Technical College distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1st of each year to every member of the campus community. Anyone, including prospective students and employees, may obtain a copy of this report by contacting the South Georgia Technical College Campus Safety Office or by visiting their website, <https://www.southgatech.edu/wp-content/uploads/2022/09/2022-SGTC-Annual-Security-and-Fire-Safety-Report-092922.pdf>

1. The right to inspect and review the student's education records within 45 days of the day SGTC receives a request for access. Students should submit to the Registrar a written request that identifies the record(s) they wish to inspect. The SGTC official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask the college to amend a record that they believe is inaccurate or misleading. They should write the SGTC official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If SGTC decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
